# General Information

## Nature of The College

**CHOWAN COLLEGE** is a two-year (junior) co-educational college, supported by the Baptist State Convention of North Carolina.

It is following in the time-honored tradition of smaller, church-related colleges where one finds such advantages as—a real sense of “belonging” to the college family, instruction based on Christian pre-suppositions, economy in tuition and boarding expenses, and definite interest in the individual on the part of the faculty.

The total enrollment at Chowan is over 800 students. However, the growing number of high school graduates seeking admission to college has caused Chowan officials to begin planning for the provision of additional facilities to take care of at least 750 boarding and 150 commuting students. Nevertheless, the trustees and administration are determined that quality rather than quantity shall ever be the primary consideration. They realize that the smaller, well-equipped and accredited junior college is able to offer a quality and kind of education which the larger institution can never provide for youth who are standing at the doorway of their higher educational experience.

## Purposes of The College

1. To provide quality higher education which is grounded in Christian truth, and to help the individual student to gain a truly Christian philosophy of life.
2. To enlist as members of its faculty and staff only those persons who are scholastically proficient, morally excellent, and who are genuine lovers of youth and its strong potential.
3. To give thorough training in the standard disciplines to those students who wish to continue their education in other higher educational institutions, and to those students, who are seeking vocational education, excellent trade instruction on the backdrop of a liberal arts education.
4. To train and develop Christian leaders—both lay and professional—who will serve well their churches, their communities, and their world.

## Heritage

Chowan College first opened its doors on October 11, 1848, as a result of the interest and influence of the Baptists of northeastern North Carolina and southeastern Virginia. For 63 years the institution was known as the Chowan Baptist Female Institute; in 1911 its name was changed to Chowan College.

The college was first located on the old Murfreesboro Academy lot and it used the Banks School building and equipment. Three years later the college moved to "The Columns" a building which serves today as the campus administrative headquarters.

Chowan College remained open during the Civil War, although a number of other southern colleges closed. By the latter part of the 19th century Chowan was recognized throughout the south for its high standards in scholarship and culture.

The 20th century brought continued progress to the college by way of additional buildings and equipment and the maintaining of consistently high standards. However, due to a shortage of students occasioned by World War II, the college closed its doors in 1943. Since its reopening in 1949, Chowan has had a phenomenal growth both in enrollment and physical facilities. It also received full accreditation from the Southern Association of Colleges in 1956.

## The Campus

The main campus and athletic fields are a part of a tract of 60 acres of land. The east campus, which is the college farm, contains 54 acres.

Through the center of the beautiful main campus runs a cedar walk, and the circular drive (nearly one mile in length) around the main campus is monumented with ancient pines and majestic oaks.

## Buildings

*The Columns (Administration) Building*, erected in 1851, is a beautiful old brick and concrete structure, with massive columns and broad veranda so characteristic of the old south.

*The South Building*, a later addition which joins the rear of "The Columns", contains the men's infirmary, faculty offices, and an indoor swimming pool, as well as the college auditorium which has a seating capacity of 750.

*The East Building*, another later addition to "The Columns," contains the college library and the business department classrooms and faculty offices.

*The Greene Science Building*, erected in 1956, is modern in all respects, having spacious laboratories, classrooms, lecture halls, and faculty offices.

*The Stone House*, which houses the the Daniel School of Music, is a two-story structure. It contains practice rooms for voice and piano students, as well as classrooms.

*The Askew Student Union* is a recreational building which contains the campus post office and book store, as well as a snack bar, lounge, and kitchen.

*The Gymnasium* is used for indoor physical education activities and athletic events. The building also has nine modern classrooms which are currently being used for liberal arts instruction.

*The Graphic Arts Building* houses the department of printing, a department made possible through the initial efforts of newspaper publishers of North Carolina. The department is approved by the North Carolina Press Association.

*The Old President's House* has been renovated to provide temporary living quarters for 20 young women.

*The F. O. Mixon Dormitory*, a two-story building of modern design erected in 1954, accommodates 100 male students. It has lounge space and an apartment for the Assistant Dean of Men.

*The Cottages* were built in 1949. The four five-room buildings accommodate 40 young men. When sufficient dormitory space has been provided, they will be relocated and used, perhaps, for married students.

*The President's Home* is a two-story brick house at the entrance to the campus.

*The Women's Dormitory*, erected in 1958, is an ultra modern and functional unit which provides most attractive and desirable accommodations for young women at Chowan.

*The Cafeteria* is a new air-conditioned building erected in 1959. In addition to the main dining area, two private dining rooms are available for special meetings of students, faculty, or other groups.

*A New Dormitory for Men* was erected in 1960. The three-story brick building provides the most modern living accommodations for 118 male students.

## Development Plans

In 1957 the Chowan College Board of Trustees launched a new enlargement-development program which has as its goal several new buildings.

Three of them have been completed and are already in use: the women's dormitory, the cafeteria, and the new dormitory for men described above.

Currently, a special campaign is in progress to raise funds for the construction of a new library and a more adequate classroom-administration building.

The classroom building is to be constructed first and located where the old president's house now stands.

Other additional units proposed under the program are: additional dormitories for men and women, infirmary, fine arts building, and additions to student union building.

*One of the most attractive features of the Chowan campus is the beautiful tree-lined walk which runs all the way from the front entrance to the steps of the administration building.*

# Student Life

## Guidance and Counseling

The Chowan College staff believes that a close relationship between student and teacher is an essential phase of education. This friendly association which a junior college offers makes for easy transition from high school to college.

Upon arrival on the Chowan campus, the new student goes through an orientation period which serves to make him thoroughly acquainted with his new home. Through a testing program—a study of his high school record, activities, experiences and vocational interests—every effort is made to discover his strengths and weaknesses.

The new student soon learns that every member of the Chowan College faculty and administrative staff is interested in his success and adjustment to college life.

## Academic Advisers

On the basis of the student's expressed interest, *he* is assigned a member of the faculty who acts as his adviser, not only as he begins his academic career but as he continues to pursue his selected course of study. The adviser aids students in planning academic programs and advises them in relation to all problems arising from academic difficulties.

## Admission Adviser

The Director of Admissions aids prospective students by advising them as to entrance requirements, and by helping them make the preliminary arrangements for entering Chowan College.

## Chaplain

The college has a full time chaplain who is a practicing psychologist. He performs all the services of a minister and is available for counseling with students concerning personal problems and religious questions. All religious activities on the campus are coordinated by the chaplain.

## The Dean of Men

The Dean of Men is responsible for the personal and social guidance of men students as well as the conduct and well-being of the group. He is assisted by members of the faculty who serve as the Student Affairs Committee and by students who serve on the Men's Council.

## The Dean of Women

The Dean of Women is responsible for the personal and social guidance of women students as well as the conduct and well-being of the group. She is responsible for the establishment of the Women's Judiciary; the establishment of and insistence upon social standards based on good taste; and finally the encouragement of intellectual pursuits. The Dean of Women is assisted by members of the faculty who serve on the Student Affairs Committee and by Assistant Deans of Women.

## The Registrar

The Registrar is responsible for maintaining student records, providing information concerning student records, academic standing, and progress toward meeting academic requirements.

## The Business Manager

The Business Manager is responsible for assisting the student in securing financial aid. This financial aid may be in the form of a loan, scholarship, or part-time work.

## Religious Program

All students and professors assemble three times each week, from 10:00 - 10:30 a. m., for chapel. The chapel period is considered essential for the building of the morale of the school and for each individual's personal need.

Chowan College has an active *Baptist Student Union* which plans, directs, and stimulates Christian activities on the campus, including an annual Campus Evangelism Week and an annual Christian Emphasis Week.

Other religious organizations are the *Young Woman's Auxiliary*, the *Ministerial Alliance*, special student *Sunday School* classes at the Murfreesboro Baptist and Methodist Churches and the Meherrin Baptist Church, the student *Training Union*, and the *Methodist Youth Fellowship*.

## Social Program

Chowan College recognizes the essential role of social activities in the development of well-rounded personalities. It recognizes also that college-trained young people are often called upon to lead in the recreational life of their churches and communities. Therefore, a faculty student activities committee, in conjunction with various student committees, plans and carries out each year a wide variety of social functions which encourage and help the social development of the students.

## Campus Clubs

*Monogram Club.* To be eligible for membership in the Monogram Club, the student must be a member of a varsity athletic team and participate in intercollegiate competition.

*Women's Athletic Association.* This club is open to female students who participate in organized athletics.

*Student Chapter of National Education Association.* This organization is open to students who plan to teach. It aims to keep the prospective teacher informed of educational developments, and to develop a strong professional attitude toward the teaching profession.

*Community Theatre.* This organization is open to both townspeople and students interested in dramatic arts. The group presents its productions in the college auditorium.

*Circle K International.* This is a club offering both service and social opportunities to the student and is affiliated with Kiwanis International and open to male students with 1.7 grade point average.

*Debate Club.* This is a club offering opportunities for public speaking and argumentation in competition with other schools at forensic tournaments and is open to both male and female students.

*Dramatics Club.* This is an organization open to students interested in play production, acting, lighting, scene design, costuming, make-up, and staging.

*Engineers Club.* The aim of this organization is to familiarize pre-engineering students with engineering as a career and as a service to man. To be eligible, the student must be enrolled in a curriculum to pursue engineering in any of its phases.

## Music

Membership in the *College Choir* is open to all students who are interested in choral music. On-campus appearances of the Choir include annual Christmas and Spring concerts. Off-campus engagements include an extended tour of churches and high schools in the Spring.

*The Chowan College Concert Association* brings outstanding vocal and instrumental musicians to the campus four times each year.

## Honorary Fraternities

*Phi Theta Kappa.* Membership in this national honorary scholarship fraternity for the junior colleges of America is open to students with a two-point average who are recommended by a faculty committee and approved by the student members of the organization.

*Alpha Pi Epsilon.* APE is a national honorary society for secretarial students who make a two-point-plus average in their studies.

*Order of the Silver Feather.* The Order is a local organization which recognizes and honors students who have exhibited outstanding loyalty and service to the college.

## Student Publications

*The Chowanian.* This monthly publication is the college newspaper. Edited by the students, the paper is printed by students in the school of printing at the college.

*The Daily Chowanian.* This publication is a one-sheet campus daily which is also edited and printed by the graphic arts department. It highlights outstanding campus events and also gives general news coverage by means of the two Associated Press teletype printers in the department.

*The Chowanoka.* This publication is the college yearbook, a pictorial record of the activities of each year. It is edited by students, and, like the other publications, is printed on the campus.

*The Handbook.* This publication contains the principal rules governing student conduct and other pertinent information about campus life.

## Organizations

All student organizations must be approved by the college before meetings can be held on the campus. New clubs or societies can be formed only after application is made to the faculty and approval is given of the design of the proposed organization, of the rules by which it proposes to be governed, and of the hours of meetings.

## Athletics

Chowan College offers a diversified athletic program for both male and female students.

The men compete in football, basketball, baseball, tennis, and track against member schools of the Carolina-Virginia Junior College Athletic Conference, and against junior varsity clubs of senior colleges.

The intramural program at Chowan is set up to meet the needs of those students who wish to participate in other than varsity sports. Female students compete in softball, ping pong, tennis, volleyball, and basketball. Male students participate competitively in these same sports as well as in tag football.

Physical education is required of all students unless excused by a physician. The college has a spacious gymnasium, athletic fields, tennis, courts, and an indoor swimming pool.

The personnel in the athletic department makes every effort to prevent accidents and injuries to students participating in varsity, intramural, and physical education competition. Although the college assumes no liability for accidents or injuries sustained, each student is covered by accident insurance.

## Student Government

Chowan College recognizes the educational value of student co-operation and leadership. The administration and faculty delegate to the student leadership groups the supervision and control of certain affairs. This is done to the degree that the students are able and willing to assume the responsibility involved. Students are encouraged to accept responsibility for the improvement of conduct in the dormitories, cafeteria, student union building, and in other areas of vital interest to them. This is implemented on a democratic basis by a Men's Council and a Women's Judiciary. Students elected to membership in these organizations jointly constitute the all-campus Student Council, which is headed by the president and other student body officials. Faculty members selected by the administration serve as advisers for these groups.

## Point System

Although Chowan College encourages participation in extra-curricular activities, a point system is used to prevent some students from becoming overburdened with outside activities and neglecting their studies.

## Library

The library stacks and reading room are in the East Building. It is open from 8:30 a. m. until 10:00 p. m.

The college library contains well over 11,000 volumes. It is well equipped with encyclopedias, bound volumes of magazines, and other reference material. Also available are leading magazines of literary, scientific, musical, and artistic value, as well as outstanding newspapers.

## Health Service

The infirmaries for male and female students are under the supervision of the college nurse who observes regular infirmary hours and is on call in the event of emergencies.

In cases of serious or protracted illness, arrangements are made according to the circumstances, and the instructions of the parents.

Dormitory students too ill to go to class or attend to college duties are required to go to the infirmary unless the nurse directs otherwise.

All doctor's fees and drugs are the responsibility of the student requiring those services.

The college carries accident insurance on all students for the nine months of the college year. After the insurance is in force it applies at all times on or off the campus. The individual student is responsible for filing his own claim for any accident in which he is involved.

## General Regulations

The Christian citizen at work is the standard to which every student is expected to conform. All appropriate means are used to develop and confirm within the student a sense of personal honor and sacred regard for truth. Conduct becoming a lady or gentleman is expected at all times of Chowan students, whether on or off the campus. It is assumed that college students will understand what constitutes good citizenship and conduct. However, certain specific regulations concerning student conduct are listed below. Students are expected to be loyal to the spirit as well as to the letter of the college regulations and traditions. A committee on student affairs, and, in some cases the student judiciaries, will handle student misconduct.

The college reserves the right at all times to exclude students whose conduct or academic standing it regards as undesirable, and without specifying any further reason. In such cases, fees will not be refunded, in whole or in part, and neither the college nor any of its personnel or officials shall be under any liability whatsoever for such exclusion.

Furthermore, the college reserves the right to change its policies upon proper notice to its patrons.

(1) The use of profanity is considered a violation of decent rules of conduct.

(2) The drinking or possession of intoxicants is not permitted.

(3) Gambling, cheating, theft, and vandalism are considered to be violations of decent rules of conduct.

(4) The possession of firearms, firecrackers, or explosives of any kind is prohibited on the campus.

(5) Dancing on the campus of Chowan College is neither sanctioned nor permitted by the college administration.

(6) Those students who neglect their studies, waste time, ignore constituted authority, or fail to conform to the ideals and rules of Chowan may be asked to withdraw.

(7) Students are held responsible for any disturbance in their rooms, whether such disturbances are caused by them or by their visitors, as well as for any damage or defacement their rooms may sustain.

(8) If a student is formally accused or proven guilty of a major misconduct, he will be immediately withdrawn from any office, position of honor, or recognition until the matter is disposed of by the proper committee. No such student will be permitted to represent the college in any public capacity.

(9) Hazing is prohibited by the laws of the State of North Carolina and by the administration of Chowan College.

## Automobile Regulations

1. Freshmen (new and re-registered) and transfer students will be granted the privilege of having a car *at the end of their first semester* if a "C" average has been attained on all work attempted. Thereafter, a "C" average must be maintained or the privilege to keep a car will be forfeited.

2. Exception to the foregoing car regulations will be made upon request for any student who has met the requirements for the Dean's List or Honor Roll at mid-term.

3. When a student earns the right to have a car on campus, a Student Car Application must be secured from the Office of the Registrar. This form must be completed before a car can be brought to the campus.

4. Before the car is brought to the campus, this application, approved and signed by the parent or guardian, should be returned and the car appropriately registered in the Office of the Registrar. **THE PARKING AND REGISTRATION FEE IS \$5.00 PER SEMESTER.** After the above has been completed, the student will be issued a sticker and assigned a parking area.

5. **TRAFFIC FINES:** Students are expected to observe the car regulations given them at the time they register their car. If a student is given a traffic ticket, he has the privilege of paying the amount of the fine to the Business Manager of the College. If the student feels that he should not pay the fine and would like to discuss his case, he will have the privilege of appearing in Traffic Court which will be held in the auditorium each Friday at 4:00 p.m. Failure to pay the fine in advance of Traffic Court or failure to appear in Traffic Court may result in disciplinary action. The Business Manager will act as Judge of the Court and the Chief of Campus Police will be present.

# Financial Information

---

The average cost to CHOWAN COLLEGE over and above what the student is required to pay is approximately \$300 per student. This amount is contributed by the Baptist State Convention of North Carolina, the North Carolina Foundation of Church Related Colleges, churches, individuals, corporations, foundations and from endowment funds of the college.

## Classification of Students

Chowan College has two classifications of students: *Boarding* and *Commuting*. A *Commuting Student* is considered to be one who is (1) obviously a resident of Murfreesboro, (2) one who lives in such proximity to Murfreesboro that he drives to and from the college each day, and (3) such students as those who are married and have established a residence for their families with them in the Murfreesboro area. *Boarding Students* include all students who live in college dormitories and cottages, and also those who are unable to secure a room on the campus and must room in a home of the local community.

By order of the Board of Trustees, all students rooming in college dormitories and cottages, as well as those rooming in the local community, are required to take their meals in the college dining room. Such students are classified as *Boarding Students*. Off-campus *Boarding Students* may reside only in homes approved and assigned by the college administration.

Students assigned to rooms on the campus are not permitted to move off the campus during any given semester, except by special permission from the administration.

Further, when the college has rooms available, *Boarding Students* are required to live on campus.

Recipients are required to sign notes for the amount of aid given, and the notes must be co-signed by a parent, guardian, or some other responsible person. ### **Student Employment**

A limited number of work positions on the campus are open to students. Application blanks should be obtained from the Business Manager as soon as an application for admission has been approved.

### **Loan Funds**

National Defense Education Loan Fund. Qualified students may borrow up to the total amount of student charges but only in rare

cases is a loan approved for the total amount. Loans made from this fund do not have to be repaid until the student has completed his education. A personal interview with the Business Manager is recommended. Applications for the loan should be completed and forwarded to the college well in advance of the opening of the school term.

These notes do not begin to earn interest (3%) until one year from the date borrower stops his college education.

Joseph Lee Parker Loan Fund of \$800.00. Loans from this fund are made only to "A" students from the Roanoke-Chowan area. This is a short term loan.

Chowan College Loan Fund. The college maintains a small loan fund to aid qualified students who have financial need.

NOTE: Loans from all these funds are made only by the administration.

APPLICATIONS FOR SCHOLARSHIPS, SPECIAL GRANTS-IN-AID, WORK GRANTS, OR LOANS MAY BE OBTAINED FROM THE DIRECTOR OF ADMISSIONS FOLLOWING NOTIFICATION OF ACCEPTANCE FOR ADMISSION TO THE COLLEGE.

## **General Financial Regulations**

(1) No credit for academic work is given for a diploma or for transfer purposes until all financial obligations to the college have been paid or adequately secured.

(2) The \$10.00 application processing fee, which must accompany the student's application for admission is not refundable under any conditions.

(3) In addition to the \$10.00 application processing fee, a \$50.00 prepayment on student charges (which is credited to the student's account at the beginning of the academic year) must be made by July 1. Students who apply after July 1, must send this prepayment totaling \$60. In no case is this prepayment refundable.

(4) Students who formally withdraw from the college within one week following the beginning of a pay period are entitled to a refund of 80% of the fees paid; those who withdraw later than one week after a pay period begins but not later than two weeks are entitled to a refund of 60% of the fees paid; those who withdraw later than two weeks after a pay period begins but not later than three weeks are entitled to a refund of 40% of the fees paid; AND THOSE WHO WITHDRAW AS LATE AS THREE WEEKS AFTER A PAY PERIOD BEGINS ARE ENTITLED TO NO REFUND. Any student who is asked to withdraw from the college at any time for some infraction of the rules is not entitled to any refund or any part of the fees paid for that semester.

(5) Any student who is placed on probation for any reason whatsoever will lose his scholarship or special grant, during the period of this probation.

(6) A student who loses, destroys, defaces, or in any way damages college property, or aids and abets others in so doing, shall within twenty-four hours, report this fact to the Business Manager. IF DAMAGES OR LOSSES ARE NOT INDIVIDUALLY ACCOUNTED FOR, ALL BOARDING STUDENTS WILL BE CHARGED PRO RATA FOR SUCH DAMAGES OR LOSSES. This prorated amount will be taken from the contingent property deposit. This deposit of \$5.00—payable at the beginning of each semester—or the unused portion thereof, is refunded at the end of the academic year.

(7) A student who moves from the room assigned without permission from the Dean of the College, the Dean of Men, or the Dean of Women, will be charged \$5.00.

(8) A deposit of \$1.00 is charged for the key to each room. The deposit is refunded when the original key is returned.

(9) Students who have an automobile on the campus, or in Murfreesboro or vicinity, are charged a \$5.00 fee per semester for the registration and parking of their automobile. Failure to register a car will result in a fine, being levied upon the negligent student, not to exceed \$10.00, and may also result in the forfeiture of the privilege of keeping his car with him at college.

## General Endowment of The College

The General Endowment of Chowan College, although small at present, is gradually increasing, and is carefully safeguarded as to its investment. Planters National Bank and Trust Company of Rocky Mount and Ahoskie is the agent of the Chowan College General Endowment.

The College Board of Trustees has begun a concentrated effort to procure a minimum of \$2,000,000.00 for the General Endowment. Dr. Gilbert T. Stephenson of Pendleton, nationally known author and consultant in the field of wills and trusts, is chairman of the endowment committee which is giving special attention and time to this effort.

Chowan College has been and can be benefited greatly by bequests of friends and alumni. Many others should make Chowan College a beneficiary of their estates through legacies, insurance policies, and trusts. Dr. Stephenson, when requested to do so by interested persons or their attorneys, will provide, at no obligation whatsoever, professional and legal advice regarding wills in behalf of the college. Both he and President Bruce E. Whitaker stand ready to counsel with such parties at their convenience.

# Academic Program

---

## Degrees Offered

Chowan college offers various Associate degrees, as well as certificates and diplomas in business and graphic arts (printing).

## Programs of Study

Three programs of study are offered at Chowan: one, the first two years of college, leading to the B. S., B. A., and the various professional degrees in four-year colleges and universities; two, a general cultural program for those who wish to complete their college education at the second year level; and three, vocational programs for students who wish to enter specialized employment after graduation from Chowan.

## Requirements for Admission

1. Chowan College desires to enroll only those persons who are trustworthy and studious and who possess those qualities that make for a congenial adjustment to college life. Evidence of good moral character and desirable personal traits will be considered of first importance.

2. All freshmen applicants are required to take the tests given by the College Entrance Examination Board and submit, or have submitted, achieved scores along with other required forms as a part of the application for admission to Chowan College. Information about the times and places at which the College Board tests may be taken and an application for taking the tests may be secured from the high school or from College Entrance Examination Board, Box 592, Princeton, New Jersey. The applicant must take the tests his senior year in high school, and it is recommended that he take them in December, January, or February. An applicant taking the tests later than February will necessarily delay action on his application for admission. Low scores on the College Board will not automatically be the basis for rejection of an applicant, but careful consideration will be given to the candidate's scholastic record in high school, evidences of character, purposes in life and motivation, and general fitness for college life at Chowan.

3. The basic academic requirement for admission is graduation from an approved high school with a minimum of sixteen (16) units. It is desirable, but not mandatory, that a liberal arts student submit:

|  |          |
|--|----------|
| ENGLISH .....                                | 4 UNITS  |
| ALGEBRA .....                                | 2 UNITS  |
| PLANE GEOMETRY.....                          | 1 UNIT   |
| LABORATORY SCIENCE (OTHER THAN GENERAL)..... | 1 UNIT   |
| OTHER COURSES .....                          | 10 UNITS |

A student who does not offer the foregoing units and plans to transfer to a college requiring them, or to follow a program of study in which they are required, will be expected to take them at CHOWAN WITHOUT COLLEGE CREDIT.

## Transfer Students

Students who transfer from other colleges must have their academic transcript sent to the Director of Admissions before being admitted. NO COURSES WITH GRADES LOWER THAN C WILL BE ACCEPTED TO MEET THE REQUIREMENTS FOR GRADUATION AT CHOWAN COLLEGE.

## Veterans

Chowan College is fully approved by the Veterans Administration for the instruction of veterans. Veterans desiring to enroll should file with the Veterans Administration prior to making application to

Chowan College. The Veterans Administration will forward all such applications to the college. In the event the candidate's program is not approved prior to registration, two months may be required to get approval.

## Foreign Students

Chowan College has been approved by the United States Immigration Service and the Office of Education for the admission of students from other countries.

## Admission Procedure

To gain admission to the college, the prospective student who has not previously attended college should:

1. Obtain all necessary forms for final admission by writing to: Director of Admissions, Chowan College, Murfreesboro, N. C.

2. Fill out completely the application for admission and mail it, along with a \$10.00 processing fee, which is not refundable, to the Director of Admissions.

3. Have the proper persons complete the remaining forms and return them to the Director of Admissions.

4. When notified of acceptance, you will be required to make a \$50.00 (not refundable) deposit by July 1. This is to be applied to the student's account with the college.

5. A student who desires to transfer to Chowan from another college should follow the same procedure, except that he must also request the REGISTRAR OF THE COLLEGE PREVIOUSLY ATTENDED TO MAIL TO THE DIRECTOR OF ADMISSIONS A TRANSCRIPT OF ACADEMIC WORK DONE BY THE PROSPECTIVE STUDENT.

NOTE: Students who are not graduates of approved high schools (including veterans who qualify under the G. E. D. test) may be admitted to the college by special permission.

## Requirements for Graduation

To receive an Associate degree, a student must satisfy the following requirements:

1. The student must have completed satisfactorily two years of college work, and must have obtained 60 semester hours of credit in college work, EXCLUSIVE OF PHYSICAL EDUCATION AND NON-THEORY COURSES. He must have completed at least 2 semester hours in physical education.

2. A minimum quality point ratio of 1.0 is required for graduation. This means an average of "C".

3. The student must have pursued and completed the prescribed or approved curriculum as outlined in this catalogue.

4. Normally, the basic course requirements for an Associate degree are:

| <i>Sem. Hrs.</i> | <i>Courses</i>                           | <i>Sem. Hrs.</i> | <i>Courses</i>                        |
|------------------|--|------------------|---------------------------------------|
| 6                | Religion                                 | 6                | Social Science                        |
| 12               | English                                  | 2                | Physical Education                    |
| 8                | Science (Biology,<br>Physics, Chemistry) | *19              | Language and/or<br>Approved Electives |
| *6               | Mathematics                              | 3                | Fine Arts                             |

\*This requirement will be based upon the requirements of the institution to which the student wishes to transfer.

NOTE: A student transferring from another college must complete a minimum of one semester of fifteen hours of college work, with a quality point ratio of 1.0 or better, at Chowan College.

## System of Grades

A—Excellent

B—Above Average

C—Average

D—Below Average

F—Failing

WP—Withdrawal Passing

WF—Withdrawal Failing

NG—No Grade Reported

I—Incomplete

The grade of "I" is recorded only in case of illness or emergency resulting in the student not being able to complete the work of the course. If the work recorded as "I" is not completed before the end of the following semester it will be considered as equivalent to an "F".

All deficiencies must be removed thirty days before the end of the last term of the student's graduation year.

## Quality Point System

Students are awarded quality points on the basis of the grade they make:

A—three quality points per semester hour credit.

B—two quality points per semester hour credit.

C—one quality point per semester hour credit.

D—no quality points per semester hour credit.

A 1.0 quality point ratio is required for graduation. This means that a student must have at least as many quality points as hours ATTEMPTED. ALL COURSES TAKEN AFTER SEPTEMBER 27 AND FEBRUARY 10 WILL BE CONSIDERED WORK ATTEMPTED, WITH THE LAST GRADE ON REPEAT COURSES TAKING PREFERENCE.

## Academic Distinctions

Students who have a 2.5 average on all work attempted for a semester will be placed on the Dean's List. Students having a 2.0 average on all work attempted will be placed on the Honor Roll.

## Academic Regulations

### Registration

Registration days are indicated on the campus calendar in the front of this catalogue. All students should complete registration on the assigned days. Those students who enroll thereafter will be charged an additional fee of \$5.00.

### Requirements for Continued Residence

1. A regular student must pass nine semester hours and earn a minimum of nine quality points each semester.
2. If, at the end of the *first grading period* of any semester, a student fails to pass the required work, both he and his parents will be so informed.
3. A student who fails to meet the minimum requirements of nine hours and nine quality points will enter the succeeding semester on academic probation. Such probation requires the student to earn a minimum of nine hours and nine quality points, to relinquish all privileges and prevents him from representing the college in any manner.
4. A student who fails to meet the preceding requirements will be ineligible to register for the succeeding semester.
5. At the end of his third semester, a student must have 27 hours and 27 quality points. A student who fails to meet this requirement will be ineligible to register for the succeeding semester.
6. To be eligible to register, his deficiencies must be removed during the summer session.

### Student Load

A student may not carry more than 18 credit hours nor less than 15 credit hours, except by special permission of the Dean. Permission will not be given to carry more than 18 credit hours unless the student has made a "B" average or better the previous semester.

## Reports

At the end of each semester a report for each student is sent to the student and to the parents or guardians. This report contains the grades and the number of absences. These grades are recorded on the permanent records in the Registrar's Office. A progress report is sent to the parents or guardians and students at the mid-semester.

## Sophomore Classification

To be classified as a sophomore, a student must have earned, by the beginning of his third semester, at least 25 credit hours and 25 quality points.

## Class Absences

Students are expected to attend all meetings of their classes. Class absence is a serious matter. It puts the student out of step with class progress and places an additional burden upon him and an added responsibility on the professor. A student should never be absent from class for trivial reasons. An unexpected emergency may arise in the semester, which might cause him to lose credit for the course.

## Excused Absences

1. Illness of the student verified by a doctor or by the college nurse on forms provided for this purpose. Boarding students too ill to attend classes must report to the infirmary, unless otherwise directed by the college nurse.

2. Representation of the college, when such representation has been reported by the responsible faculty member and approved by the Dean of the College previous to the anticipated absence.

3. Death of a member of a student's immediate family.

4. Sickness in the family which requires the attention of the student, verified by physician.

A student who wishes to be excused from class should report to the Office of the Registrar at least two days prior to the absence or immediately upon his return to class. He will be issued a Form 50 which must be submitted to the professor for his approval and returned to the Office of the Registrar within five (5) days after his return to classes. **IF THIS ACTION IS NOT TAKEN BY THE STUDENT, THE ABSENCE WILL BE RECORDED AS UNEXCUSED.**

All excused laboratory absences must be made up in a manner acceptable to the professor. (No lab. cuts are allowed.)

## Unexcused Absences

When the number of unexcused absences exceeds the number of times the class meets per week, one-half quality point will be deducted for each such absence. *Unexcused absences* are those which are not listed under the above reasons for excused absences, resulting from personal emergencies of the student. For example, snow bound, civil service examinations, attending weddings, car breaking down, taking part in beauty pageants, etc. Three (3) class tardies will be treated as one (1) unexcused absence. Explanation: Tardy is the failure to be in class room at the time of the tardy bell. A student who enters 10 minutes after the tardy bell or later automatically receives an unexcused absence unless an acceptable excuse is presented.

## Loss of Credit

If a student is absent as many as three (3) times the number of times the class meets per week, he will normally not receive credit for the course, regardless of whether the absences are excused or unexcused. He may, however, apply to the absence committee, and to the professor and the Dean for the privilege of making up the work. If these absences, in the judgment of the committee, were caused by an unavoidable emergency, he will be granted the privilege of making up the time and work. The work must be made up in a manner satisfactory to the professor.

Students with excessive absences will be asked to appear before the absence committee.

A student who is absent more than four (4) times the number of the class meetings per week, for any cause whatsoever, will not receive credit for the course.

## Chapel Absences

The college requires all students to attend chapel. Each student is allowed three (3) unexcused chapel absences with no penalty. The next five (5) unexcused absences will result in one-half ( $\frac{1}{2}$ ) quality point for each unexcused absence being deducted from his total number of quality points. If a student is absent after the eighth unexcused absence, the student will be subject to suspension from Chowan College. Explanation: A total of 12 excused and unexcused absences may result in suspension.

## Holiday Absences

The college grants no absences immediately preceding and following stated holidays except those listed under Class Absences. Any absences other than these will be recorded as two (2) unexcused absences for each class and chapel missed.

## Changing of Classes

1. Obtain proper form from the Office of the Registrar.
2. Secure the approval and signature of advisor.
3. Secure the approval and signature of the Dean of the college.
4. Secure the approvals *and* signatures of the professors in whose classes changes are being made.
5. Return form to the Office of the Registrar.

A student cannot add a course after two weeks from the official date for the beginning of classes found in the Calendar of this catalogue.

## Dropping of Classes

Courses may be dropped under the following circumstances:

1. Illness, in which case a physician's certificate must be submitted and approved by the Dean of the College.
2. Other circumstances beyond the student's control, approved by the Dean of the College.
3. Changes in class schedule during the first two weeks of the semester do not appear on the student's permanent record and incur no penalties.
4. The official withdrawals from classes after the dead-line date which is two weeks after the official beginning of classes, found in the catalogue calendar, will receive an F on each course dropped. Exceptions to be extreme cases such as those reasons given in the catalogue for excused absences. These exceptions must be approved by the Dean of the College, or a committee, or both. If the Dean of the College or the committee approves the dropping of a course because of extenuating circumstances, the student will receive a WF or WP on the course.
5. All withdrawals without the permission of the Dean will receive an F on each course dropped.

## Repeating of Courses

In the event that a student repeats a course, the last grade earned will be considered his final grade.

## Re-examinations

A final semester candidate for graduation may apply for only ONE re-examination if extenuating circumstances justify it. The decision in this matter will be made by the professor involved, the Dean of the College, and the chairman of the department. In case the chairman of the department is the professor, another professor will be called in to act.

No grade higher than a C may be assigned as a result of re-examination.

A special re-examination will not be given until the student has had adequate time to do further study, which in the judgment of the professor justifies a re-examination.

A re-examination must be authorized by the Dean of the College and preceded by the payment of the required \$5.00 fee.

All students who desire to make up a test or tests for excused absences will be required to make up the test or tests beginning at 9:00 a.m. on the Saturday morning following their return to classes. Any exception to this policy must be approved by the Dean of the College.

A student who receives a grade F on a course or fails to remove a conditional failure by one re-examination must repeat the course for credit.

## **Withdrawal From The College**

A student who finds it necessary to withdraw from the college must consult the Dean of the College and the Bursar and arrange for regular withdrawal. Unless this is done, honorable dismissal will not be granted.

Students who plan to withdraw from the college at the close of the Fall Semester must notify the Dean of Women or the Dean of Men by December 15.

## **Transcripts**

Upon request, a student is entitled to one free copy of his college transcript. For additional copies there is a fee of \$1.00 each.

# The Curricula

---

## Students Undecided About Curriculum

Those students who, at the time of entering college have not fully decided which course of study they desire to pursue, are advised and urged to register for the liberal arts curriculum. Work in the liberal arts leads to degrees in teaching, medicine, religion, law, business administration, science, journalism, and various other professional fields.

## Arts and Sciences

The study of the arts and sciences serves several purposes:

*To Communicate.* The development of the ability to communicate is greatly aided by the study of languages (including English) and related subjects.

*To Inquire Accurately.* The study of natural and social sciences provides students with that broad knowledge of the world and the universe which is so important to human experience.

*To Understand.* The study of the humanities brings an understanding of the cultural heritage of the Western World and stimulates an appreciation of other cultures as well.

*To Encourage Moral Growth.* The study of religion encourages the development of a mature philosophy of life, whereby one acquires worthy and personally satisfying life goals and the ability to make appropriate value judgments.

*To Reason.* The study of the exact sciences challenges the individual to think independently and creatively, and helps to develop his skill in using the various methods of thought, research and judgment.

In short, studies in the liberal arts and sciences broaden the student's understanding of himself, his cultural heritage, and his universe, and, thus, provide him with a strong foundation on which he may add successfully, throughout his life, additional blocks of knowledge.

2. *Program for Terminal Students.* For the Student who does not plan to continue his education beyond Chowan College, the Department of Business offers terminal programs in business-vocational training. The Department has as its objective the preparation of the student for employment in the field of accounting, secretarial administration or general office training. ## Graphic Arts

Graphic Arts is the science of printing, combining mechanical and creative skills. It makes possible the widespread, inexpensive distribution of ideas. As the country and its educational system grow, as new industries develop, and as our society becomes more complicated, the dependence upon printing grows.

If you have a mechanical bent, you have an opportunity to work with fine machinery. If you have artistic talents, you will enjoy turning out products which are not only useful but which have a pleasing appearance. If you have scientific interests, you will find special opportunities because the printing industry is making more and more use of photography, chemistry, physics, and electronics. If you have ambitions to advance to managerial positions, you will find a real challenge in the problems of controlling the flow of printing work through the various departments of a plant, and of controlling the cost of production.
